About the Editors . . . . .	viii
<b>Chapter 1.</b> . . . . .	<b>1</b>
The Significance of the Pinedale Field <i>Thomas Meyer and Mark Longman</i>	
<b>Chapter 2.</b> . . . . .	<b>11</b>
History of Exploration and Commercialization of the Giant Pinedale Tight Gas Sand Field, Sublette County, Wyoming <i>Stephen R. Kneller, J. Paul Matheny, Richard G. Albertus, and Elliott A. Riggs</i>	
<b>Chapter 3.</b> . . . . .	<b>37</b>
The Pinedale Gas Field: A Sweet Spot in a Regionally Pervasive Basin-centered Gas Accumulation, Green River and Hoback Basins, Wyoming <i>Ben E. Law and Charles W. Spencer</i>	
<b>Chapter 4.</b> . . . . .	<b>61</b>
Geology of the Lance Pool, Pinedale Field <i>Thomas Meyer, Stephen R. Kneller, Robert McDermott, and Mark Longman</i>	
<b>Chapter 5.</b> . . . . .	<b>117</b>
Geophysical Interpretation of Pinedale Field <i>Sally G. Zinke</i>	
<b>Chapter 6.</b> . . . . .	<b>175</b>
Sedimentology and Reservoir Characterization of the Upper Cretaceous Lance and Upper Mesaverde Intervals from Core Data in Pinedale Field, Wyoming <i>Mark A. Chapin, Andrew Govert, Nicholas W. Brandon, and Gustavo Ugueto</i>	
<b>Chapter 7.</b> . . . . .	<b>247</b>
Sedimentology and Reservoir Characterization of the Wagon Wheel Formation from Seismic, Log, and Core Data in Pinedale Field, Wyoming <i>Mark A. Chapin and Andrew Govert</i>	
<b>Chapter 8.</b> . . . . .	<b>273</b>
Results of Deep Drilling on the Pinedale Anticline <i>Mark Longman, Denis E. Foley, and Joel Scoville</i>	
<b>Chapter 9.</b> . . . . .	<b>321</b>
Development of Tight Gas Sand Core Analysis Techniques for the Pinedale Field, Sublette County, Wyoming <i>John M. Dacy, Paul R. Martin, and Robert H. Lee</i>	

<b>Chapter 10</b> . . . . .	<b>351</b>
Petrophysics of the Lance and Upper Mesaverde Reservoirs at Pinedale Field, Sublette County, Wyoming, USA <i>Suzanne G. Cluff, Robert M. Cluff, Daniel G. Hallau, and Ryan J. Sharma</i>	
<b>Chapter 11</b> . . . . .	<b>417</b>
Petrophysical Interpretation of the Northern Pinedale Field, Sublette County, Wyoming <i>Keith J. Jagiello</i>	
<b>Chapter 12</b> . . . . .	<b>443</b>
Natural Fractures on the Pinedale Anticline as Seen in Cores and on Image Logs <i>Mark Longman, Erika Davis, and Randy J. Koepsell</i>	
<b>Chapter 13</b> . . . . .	<b>469</b>
Pinedale Anticline and Jonah Fields, Sublette County, Wyoming: A Geologic Discussion and Comparison <i>Dean P. DuBois</i>	
<b>Chapter 14</b> . . . . .	<b>497</b>
Integrated Static and Dynamic Modeling of the Pinedale Tight Gas Field, Wyoming <i>Mark A. Chapin, Jennifer K. Bobich, Gracel P. Diomampo, Heather L. Schiller, Sheena M. Hurd, Nicholas W. Brandon, Gustavo Ugueto, and Carolyn H. Fleming</i>	
<b>Chapter 15</b> . . . . .	<b>533</b>
Fluid Production Characteristics in Pinedale and Jonah Fields <i>Philip H. Nelson</i>
